Registration at the SESB for Year 7

Two classes with a total of 64 places will be opened for pupils with the partner languages German and English and the second foreign language French, which has been taught from year 5 in the previous schools. (The legal basis for this decision is based on the Aufnahme VO-SbP from 23 March 2006 (GVBl. 2006, 306) last amended by the Regulation of 30.11.2015 (GVBl. S 592)

Four of the 64 places are reserved for pupils arriving in Berlin from abroad who have not had the opportunity to apply in the regular procedure. These places are reserved until 4 weeks before the start of summer holidays.

Admission is based on the following criteria in order of precedence:

- 1. Students from SESB primary school classes with a recommendation for the Gymnasium,**
- 2. Pupils from other schools with a recommendation for Gymnasium and a language level in both English and German comparable to the pupils of SESB**
- 3. Students from primary school classes of the SESB without a recommendation for the Gymnasium.**

If it is not possible to admit all the pupils within one of these groups, then admission will take place based on the average score of the recommendation for Gymnasium (Förderprognose).

Stand 10.11.2016
